

Impact & Results

At 916 Ink we strive to reach some of the most under-resourced student populations in Sacramento. We often work in schools and neighborhoods with some of the lowest literacy achievement rates and least access to arts education in the region. Here are the results of our independently designed survey and impact analysis tools.

- 87% of inkers improved attitudes toward writing
 - After experiencing a 916 Ink program:
 - 70% of inkers look forward to writing down their ideas
 - 60% of inkers believe the stories they tell matter to others
- 84% of Inkers improve on terms of social and emotional development
 - After experiencing a 916 Ink program:
 - 78% of inkers believe they are good at using their imagination
 - 77% of inkers enjoy meeting people who are different than them
